ASKYTEC

Chem FR

Chem FR Boilersuit with Hood and Reflective Tape.

Chem FR is specifically developed to offer additional protection from heat, flame and electrostatic hazards.

Cotton is included in the fabrics backing material providing additional comfort to wearers, while a PVC coating provides optimum chemical protection.

Features

- A Protection against chemicals, heat, flame and electrostatic hazards
- △ Double storm facing with velcro closure for increased protection
- A Ring-pull zip for easy donning and doffing when wearing gloves
- ▲ Helmet-compatible hood with elasticated drawcord adjustment
- A Reflective tape enhances visibility
- ▲ Base fabric includes cotton for additional comfort
- A Garment can be machine washed
- △ Garment can be reused if not contaminated or damaged
- △ Stitched and high frequency welded seams

4XL	179-184	138-146	128-136	81

Storage and Maintenance

We recommend storing Chem FR garments in their original packaging, away from UV sources. After use, please follow the care instructions provided on the label. To remove any contamination, the ChemFR can be machine washed at 40°C and allow it to drip dry in a shaded area, away from UV sources. It is advisable to store Chem FR clothing in a cool, dry, and clean environment.

NOTE: For hygiene purposes, it is recommended that the garment be worn by the same individual.

Chemical Resistance Data

For chemical permeation data, please contact our sales department at sales@globusgroup.com.
